On the occasion of Ayush Tv's sixth anniversary, it is pleased to announce it will soon launch its Kannada version, in Hindi and English too to reach the Global Audience

Ayush Tv was launched on January 15, 2017, as an initiative to create a stress-free community and raise awareness about maintaining health and wellness by reviving the glory of ancient systems of medicine and cure such as Ayurveda, Yoga, Unani, Siddha, Homeopathy, Naturopathy, Home Remedies, and so on, which help people remain healthy first and find cures without taxing their body, soul, or savings.

It helps you connect with the best-known medical professionals; introducing their areas of expertise, which include the finest of treatments and medicines. Some of the popular programmes include home remedies, fitness shows, fashion and beauty care, stress-free lifestyle training sessions, guides to a healthy diet, relaxation techniques through chants of Mantras, Aroma Therapy, Mudra Therapy, Music Programmes, dance programmes, debate or talk shows for the

Infotainment Segment, Investment and Savings plan through Financial Wellbeing series, comedy shows, and interactive chat shows with viewers. These programmes are constantly working on providing the best content for the all-round development of people's thinking and approach towards Health and their surroundings.

Quality viewers include medical practitioners and students, representatives from the pharmaceutical and agriculture industries, representatives from the transportation industry, educational institutions, insurance companies, tour operators, and representatives from the service sector. This benefits all other secondary lines of business activities, like the packagers, nutritionists, alternative food industries, and fitness-related industries, which should follow us to decide their investment in or release of products or information for their R&D activities to the benefit of all.

AYUSH TV REACH
